Lab Exercise 7 – model mapping

Homework Exercise – ERD → Relational mapping

Do these exercises by next tutorial session. Work on assignment now.

1. Draw E-R diagram (including attributes) for following relational model:

CUSTOMER
> Customer No
> Customer Name
> Customer Address
> Date of Birth

ACCOUNT
> Account No
> Customer No
> Account balance
> Date account opened

TRANSACTION
> Transaction No
> Account No
> Transaction Date
> Transaction Time
> Transaction Type (deposit or withdrawal)
> Transaction Amount

2. Draw a relational model for the following E-R diagram:
